Thank You

I thank the many private donors, county school officials and staff, elected officials, organizations, businesses, friends and volunteers who have helped make the program a success. A special thanks to the Community Foundation of Howard County for its management and sponsorship.

Vision

To increase the number of middle school minority and low income boys who succeed in life by helping those with low grades become achievers.

Scholarship Purpose

Provide experiences for boys to:

- Build leadership skills
- Achieve in school
- Help find their dreams
- Succeed in life

Efforts and Results

This year, 2020, we received and approved 58 scholarship applications for middle school boys to attend virtual summer enrichment programs. This brings the total number of scholarships awarded in the 5 years since the inception of the scholarship program to 155 awards. At this time of two pandemics, COVID-19 and unbridled racial oppression, very young men of color need these enrichment experiences now more than ever. With your support, we can continue to make a difference by providing opportunities that lead to success in life.

The next Fundraiser is: September 1, 2020
